#### International Whaling Commission; Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public meeting.

**SUMMARY:** NOAA makes use of a public Interagency Committee (Committee) to assist in preparing for meetings of the International Whaling Commission (IWC). This document sets forth guidelines for participating on the Committee and the date and place of the next meeting.

**DATES:** The meeting is scheduled for May 8, 1995, from 12 p.m. to 4 p.m. in Washington, D.C.

**ADDRESSES:** Comments concerning this upcoming meeting should be directed to Kevin Chu, Office of International Affairs, Room 14247, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910. The meeting will be held at the Department of Commerce, Herbert C. Hoover Building (Room 6009), 14th and Constitution, Washington, D.C. 20230.

**FOR FURTHER INFORMATION CONTACT:** Kevin Chu at (301) 713-2276.

**SUPPLEMENTARY INFORMATION:** The Secretary of Commerce is charged with the responsibility of discharging the obligations of the United States under the International Convention for the

Regulation of Whaling, 1946. This authority has been delegated to the Under Secretary of NOAA. The U.S. Commissioner to the IWC has primary responsibility for the preparation and negotiation of U.S. positions on international issues concerning whaling and for all matters involving the IWC. He is staffed by the Department of Commerce, and assisted by the Department of State, the Department of the Interior, the Marine Mammal Commission, and other interested agencies.

Each year, NOAA conducts a series of meetings and other actions to prepare for the annual meeting of the IWC, which is usually held in the spring or summer. The major purpose of these preparatory meetings is to provide for input in the development of policy by members of the public and non-governmental organizations interested in whale conservation. NOAA believes that this participation is important for the effective development and implementation of U.S. policy concerning whaling.

Any person with an identifiable interest in U.S. whale conservation policy may participate in the meetings, but NOAA reserves the authority to inquire about the interest of any person who appears at a meeting and to determine the appropriateness of that person's participation. Foreign nationals and persons who represent foreign governments may not attend. These measures are necessary to promote the candid exchange of information. Such measures are a necessary basis for the relatively open process of preparing for IWC meetings that characterizes current practice.

The 47th Annual Meeting of the IWC will take place from May 22 to June 2, 1995, in Dublin, Ireland. In order to finalize preparations for the 1995 annual meeting, a meeting of the public Interagency Committee has been scheduled for May 8, 1995, from 12 p.m. to 4 p.m. (see ADDRESSES). The first 2 hours of the meeting have been reserved for public review of proposed U.S. position papers. The remaining time will be spent discussing these proposed positions.
